

International Competitions and Assessments for Schools

Dear Jody

Thank you for participating in the 2011 International Competitions and Assessments for Schools - Mathematics. You scored **22 out of 40**.

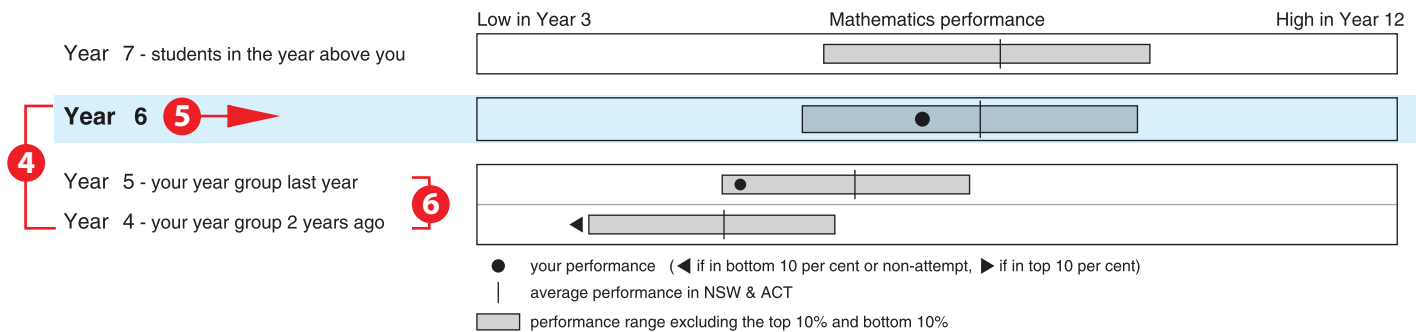

2011 Mathematics Performance

The graph below shows your **2011 Mathematics score** and your performance in each of the different areas assessed.

Comparative Mathematics Performance

Students in New South Wales and ACT from Years 3 to Year 12 participated in the International Competitions and Assessments for Schools - Mathematics. The graph below compares your performance to year levels above and below (where available for the last eight years).

1 This section compares Jody's performance in each of the skill areas assessed with the performance of all students who sat ICAS-Mathematics in NSW & ACT. The graph indicates which areas may be strengths and weaknesses for Jody.

2 Jody performed significantly below average in the skill area of Number & Arithmetic. This result may indicate an area of weakness for Jody.

3 Jody performed above average in the skill area of Chance & Data. This result may indicate an area of strength for Jody.

4 This section tracks Jody's performances on the assessment in previous years. This allows for the measurement of Jody's progress over time, relative to the other students in Jody's year.

5 This graph compares Jody's performance on this year's assessment to the performance of the other Year 6 students.

6 This section compares Jody's performance on the assessment in previous years. Jody has shown significant progression since Year 4. When she was in Year 4 she was in the bottom 10% of participating students. In Year 5 she improved moderately but was still well below average. In Year 6 she has shown significant improvement and is now only slightly below the average.
